Sir:

As per our phone conversation I met with Victor Veve and his brother Will on site to discuss their development plans at 32 Downs Road (DW032) At this time, I see no reason to deny their application and believe they should be allowed to proceed.

I would expect that the Town of Underhill seek assurances and guarantees that my drilled well, which is located downhill and somewhat near the proposed waste water system, suffer no ill effects. It appears that waste water plans submitted by: Bernard and Gervais, LLC - make no assurances.

Thank you for including me in the process; I would appreciate being "kept in the loop" as the project moves forward and wish Victor Veve all possible success.

Respectfully,
Gordon W. Grant
