Green Up Day 2022

This year Green Up Day is Saturday May 7th. Bags for Underhill residents are now available at Wells Corner Market, Jacobs Family Market, and here at the Underhill Town Hall. Volunteers are welcome to start cleanup early and bring their bags to the Underhill Town Garage located at 75 New Road on Saturday May 7th between the hours of 9:00 AM to 2:00 PM. We will accept all trash collected from the edges of Town Highways.

The Underhill Conservation Commission will be on hand offering information and pamphlets about ticks, invasive species, bears, the Crane Brook Conservation District and forests. There will be an open house at the Town Garage complete with hamburgers and hot dogs and light refreshments to enjoy after a hard day's work cleaning up our roadsides.

Please be safe out there and take a moment to review the State of Vermont's guidance at <https://greenupvermont.org/>

Please feel free to reach out to Brad Holden at 802-899-4434 Ext 7 or bholden@underhillvt.gov if you have questions. Thank you.
