ACTION TAKEN BY GOVERNOR PHIL SCOTT ON LEGISLATION

Montpelier, Vt. — Governor Phil Scott announced action on the following bills, passed by the General Assembly.

On June 1, Governor Scott signed bills of the following titles:

- ***S.62, An act relating to employee incentives, technical education, and unemployment insurance***
- ***H.88, An act relating to the use value appraisal program***
- ***H.135, An act relating to the State Ethics Commission***
- ***H.140, An act relating to approval of amendments to the charter of the Town of Williston***
- ***H.420, An act relating to miscellaneous agricultural subjects***
- ***H.434, An act relating to establishing the Agricultural Innovation Board***
- ***H.445, An act relating to approval of an amendment to the charter of the Town of Underhill***
- ***H.171, An act relating to child care systems and financing***

Governor Scott issued the following statement when signing this bill:

"Expanding Vermont's focus on early care and learning has been a top priority for my administration since my first year in office. Signing H.171 into law represents another important step forward as we continue our work in this critical area. In partnership with the General Assembly, we've increased funding for childcare, expanded access for more families and created a simplified family co-payment. This bill also makes significant investments in workforce supports, including a student loan repayment program, scholarships for prospective early childhood providers and need-based scholarships for individuals already employed at regulated, privately operated center-based childcare programs or family childcare homes. We know there is still more to do, so I look forward to continuing to work with our partners to ensure every child and family has access to high quality and affordable childcare."
