Proposal Name/Brief Description: It occurs to me that the sledding hill would be much improved if it did not contain a large area of saturated soil at the bottom. As the parking lot is expanded, it may be possible to infiltrate some water under the parking lot so that the sledders no longer have to bail before they experience the joys of a long run out.

Estimated Cost/Description of Estimate Process (use the space here and attach additional pages and any supporting documents): \$40,000
