

Town of Underhill

Solar Resolution

WHEREAS, the Town of Underhill seeks to reduce its dependence on non-renewable, non-local sources of energy and to promote local, clean sources of energy;

WHEREAS, the Town of Underhill seeks to promote local jobs in the renewable energy sector;

WHEREAS, the Town of Underhill seeks to take steps to address the critical challenges of climate change;

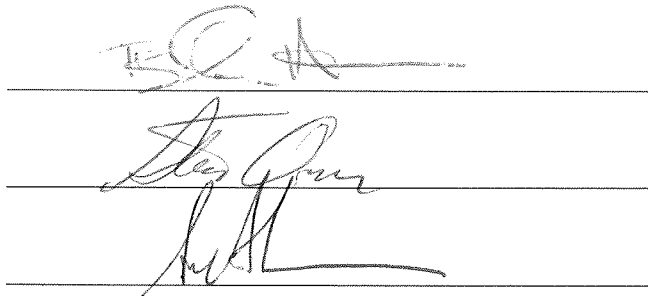

NOW, THEREFORE, IT IS HEREBY RESOLVED by this Selectboard that it shall establish for the Town of Underhill

A goal of increasing the number of solar installations (solar hot water and solar electric, aka photovoltaic or PV) from the current number of 7 hot water systems and 9 photovoltaic systems to a total of 50 (fifty) systems by July 1, 2014.

BE IT FURTHER RESOLVED that members of the Underhill Energy Committee shall work to promote and publicize the installation of solar systems at Underhill homes and businesses in order to achieve this solar goal. These efforts will begin on June 13, 2012, when the Underhill Energy Committee hosts a free "Solar Night" event at which community members will learn about solar systems and regional solar installers.

Dated at Underhill, Vermont, this 24th day of May, 2012.

Underhill Selectboard

The image shows three handwritten signatures, each written on a horizontal line. The signatures are in cursive and appear to be the names of the members of the Underhill Selectboard.
