

Big Tree Contest

2nd ANNUAL UNDERHILL BIG TREE CONTEST

Do you have a really big tree in your woods or on your lawn?

Measure the big trees on your property and enter this town-wide contest to find the big trees of Underhill. Winners will be announced at Town Meeting day and will be placed on our ongoing roster of big trees. This year winners will be selected from several categories including largest deciduous tree, largest coniferous tree, and largest white ash tree.

To enter the contest, measure and record: tree circumference, tree species, location, and take a photo of you in front of the tree (optional). For each tree species, enter the data on the form below, or send the information to [underhillbigtrees \[at\] gmail.com](mailto:underhillbigtrees@gmail.com)

Sponsored by: Underhill Conservation Commission and the Underhill Natural Resource Inventory and Mapping Committee
