## **II. FINDINGS**

### **Factual Findings**

The Minutes of the meetings written by Sarah McShane are incorporated by reference into this decision. Please refer to these Minutes for a summary of the testimony.

Based on the application, testimony, exhibits, and other evidence, the Development Review Board makes the following findings:

- A. The Applicant seeks a permit to subdivide land. Lot 1 of the subject property is a  $\pm 4.5$  acres and Lot 2 is  $\pm 5.38$  acres. The parcels are located at 10 & 12 Bridle Trail in Underhill, VT (BT010 & BT012).
- B. The properties are located in the Rural Residential and Soil & Water Conservation zoning districts as defined in Article II, Table 2.3 and Table 2.6 of the 2012 Unified Land Use and Development Regulations.
- C. Subdivision approval is requested for the project pursuant to review under the 2012 Unified Land Use and Development Regulations.

## **III. CONCLUSIONS**

The Board finds the application is in conformance with the following sections of the Town of Underhill Unified Land Use & Development Regulations:

Article II, Table 2.3 Rural Residential District  
Article II, Table 2.6 Soil and Water Conservation District  
Article III, Section 3.2 Access  
Article III, Section 3.7 Lot, Yard, and Setback Requirements  
Article III, Section 3.13 Parking, Loading, and Service Area  
Article III, Section 3.17 Source Protection Area

Article III, Section 3.19 Surface Waters & Wetlands  
Article III, Section 3.22 Water Supply & Wastewater Systems  
Article VII, Section 7.2 Applicability  
Article VII, Section 7.6 Final Subdivision Review  
Article VII, Section 7.7 Plat Recording Requirements  
Article VIII, Subdivision Standards

Per section 8.1(D), all Sections above considered not applicable are waived. The Board finds that waiving such requirements will not nullify the intent and purpose of the 2102 Unified Land Use and Development Regulations and the Underhill Town Plan, and such waivers are not requisite in the interest of public health, safety and general welfare. Sufficient evidence, in the form of submitted testimony and plan layout, has been submitted to justify the waiver.

#### **IV. DECISION AND CONDITIONS**

Based upon the findings above, the Development Review Board unanimously grants approval for the 2-lot subdivision as described at the hearing and in the submitted application documents, with the following conditions:

- A. The warranty deed for Lot 1 should be revised to correspond to the acreage on the survey.
- B. The parcel codes for both Lots shall appear on the final Mylars.
- C. The warranty deed for Lot 2 recorded in the Town Land Records should indicate the triangular portion of Lot 2 located in the Soil and Water Conservation district shall not be disturbed and left in its natural state
- D. A revised Road Maintenance Agreement reflecting the newly created subdivision shall be recorded in the Town Land Records.
- E. A copy of the Wastewater System and Potable Water Supply Permits shall be recorded in the Town Land Records.
- F. Per Section 7.2(B), no land shall be subdivided until final subdivision approval has been obtained from the DRB and the approved subdivision plat is recorded in the Underhill land records.
- G. No transfer, sale or long-term lease of title to property as defined under 32 VSA §9601 of any portion of an existing lot; predevelopment site work; or issuance of zoning permits to develop a subdivided lot shall occur until final subdivision approval has been obtained from the DRB and the final Mylars have been recorded in the Underhill Land Records [Section 7.2(C)].
- H. The final plat and engineering site plan shall be submitted in accordance with Section 7.7.

- I. All subdivision and recording fees must be paid in full prior to recording a subdivision plat in accordance with Section 7.7(B).

Dated at Underhill, Vermont this 17 day of March, 2014.

Charles Van Winkle

Charles Van Winkle, Chair, Development Review Board
