Note: Boundary shown is based on two iron pipes found along the road and blazes on the sidelines. This is not a boundary survey.

Notes:

1. Orientation is based on Vermont Grid North
2. Reference #1 does not have adequate information to calculate the boundaries. The lines shown are based on using the best information on said plan, two pins at the road, and blazes.
3. Topography shown is adequate for planning. More detailed information is recommended for design purposes.
5. Zoning setback information is based on information provided by Peter Duval.
