Planning Commission members briefly discussed the updated Natural Resources Chapter of the Town Plan and decided to review it at the next meeting when Chair Trevor Squirrell is in attendance. T. Squirrell will provide an overview of the updates and answer any questions.

Planning Commission members discussed the comments provided by the RPC on the Recreation and Economic Development Chapters. Members discussed the comments and agreed to keep the recommendations. S.McShane will make the suggested grammatical changes and put the updated chapters online for public comment. I.Linde suggested incorporating language regarding providing annual support for the Historical Society into one of the chapters. S.McShane suggested that it may be appropriate for the Historic Resources Chapter.

7:15 PM: Members discussed old business. P. Lamphere joined the meeting at 7:15 PM. C. Seybolt asked if there had been any updates from the RPC regarding home based employment data or funding opportunities for recreational trail development. She stated that a lot of municipalities are considering expanding their trail network as an economic development strategy. She said she was familiar with efforts in Morrisville, Stowe, and Waterbury.
